SEPTEMBER 30TH

TILLEUL GARDEN

FOOD GROWING & SEED SAVING

In partnership with the St. Monica Parish Food Pantry, Action Communiterre has established the Tilleul Garden.

Come learn, grow and share! Weekly volunteer gardening sessions will focus on maintenance (weeding, water, mulching), food harvesting, seed processing and cleaning. Sessions will be cancelled if there is rain.

Food grown will supply the St. Monica Parish Food Pantry. Seeds saved will supply the upcoming Atwater and Concordia Seed Libraries.

For more information contact project coordinator Deanna Kazina at: Deanna@actioncommuniterre.qc.ca
